

INSTRUCTIONS

1. Place the neckband around your neck.
2. Ensure the power box is plugged into the neckband.
3. Position the ends of the neckband arms to rest on or near your collarbones.
 - ◆ NOTE: The arms may be stiff; this is normal and will help it hold its position once comfortable. The material is flexible and contains gooseneck tubing to help achieve this.
4. Open phone application 'BuzzinBees'.
5. Press the 'connect' button to begin a bluetooth connection.
6. Search for devices and select. Press connect and wait for confirmation.
7. Open the menu to select 'songs' to return to the application.
8. Play some music!

Available functions include:

- ◆ View an 'All Songs' list and play any song selected.
- ◆ View, add to, and play from the default playlist of 'Favourites'.
- ◆ Create, edit, view, and play from any personal playlist.
- ◆ View the visualizer.
- ◆ Use any of the other music player functions (play/pause, skip, repeat, and shuffle).
