# SEPTEMBER 2019

FINIALIZED MOCKUPS OF APPLICATION DESIGN

Wireframes

Based on the sketches previously created, high fidelity mockups were created in Adobe Photoshop for the application design.

ROUGH PROTOTYPE SIZING USING CLAY

Creation of code bases and set up of GITHUB repositories

- GITHUB repo - https://github.com/seniorprojectgroup5
  - Basic Android App created
    - Began to build the app
  - Basic Arduino Sketch created
    - Used reference Sketch provided through
    - Adafruits proprietary Arduino Library

Prototype 3

- Printer: N/A
- Materials: Clay Sculpted
- Purpose: Testing Size
